Policy Statement on Ethical Sourcing & Manufacture

Where suppliers do not have a recognised standard such as SA8000 or the ETI base code in place, Rapid Fire Logistics Ltd will obtain a written commitment from that supplier/manufacturer confirming compliance to the Rapid Fire Logistics Ltd Policy.

Rapid Fire Logistics Ltd opposes the exploitation of workers generally and children and will not knowingly make purchases from any manufacturing source where workers are expected to perform in unreasonable conditions.

Rapid Fire Logistics Ltd has taken all reasonable and practical steps to ensure that required standards are being met, which has included the Rapid Fire Logistics Ltd Directors visiting the suppliers in question. Rapid Fire Logistics Ltd also uses a local Agent to continuously monitor manufacturers' compliance to policy.

A formal vetting system is in place for all the Rapid Fire Logistics Ltd suppliers/manufacturers that is used to monitor performance across all aspects of supply. Any unacceptable practices identified will be actioned immediately and appropriate remedies put in place. Rapid Fire Logistics Ltd will cancel orders placed and review its relationship if a supplier or manufacturer is found breaching the Rapid Fire Logistics Ltd Policy on Ethical Sourcing and Manufacture from their supply sources.
